

Now it is even easier to

# Feed your fish and *not* your algae

ROWA<sup>®</sup>phos Sponge – Fits directly in your internal filter or external canister filter. All the power of ROWA<sup>®</sup>phos and ROWA<sup>®</sup>carbon in a sponge.

## ROWA<sup>®</sup>phos Sponge

- Controls nuisance algae growth
- High phosphate adsorbent
- For fresh-water or salt-water
- Fast acting and starts working immediately
- No influence on pH
- No release of adsorbed substances when saturated
- Fits directly into your internal or external canister filter
- Available for various standard filters – or can be cut to fit

**NEW PRODUCT**

A unique filter sponge for the ultimate in phosphate, silicate and organic compound removal from all fresh-water and salt-water aquariums

### ROWA<sup>®</sup>phos Sponge

Now there is a clean and simple way to control the compounds in your aquarium that fuel the growth of nuisance algae.

### ROWA<sup>®</sup>phos Sponge

is designed to effectively remove phosphates, silicates, organic compounds and heavy metals from both fresh-water and salt-water aquariums.

### ROWA<sup>®</sup>phos Sponge

is unique and offers the proven benefits of both ROWA<sup>®</sup>phos and ROWA<sup>®</sup>carbon in a single easy to use product.
